

Brake Cleaner 901

Aerosol, Non-Chlorinated

#106375

Brake Cleaner 901 is a powerful, non-chlorinated, low odor formula which **safely and efficiently** cleans all brake parts. It removes oil, grease, brake fluid, contaminants and brake dust to help stop brake squeaking and improve braking performance. Dries fast and leaves no residue. Can also be used as an **excellent degreaser** for metal parts

Use on automobiles, trucks, buses, disc rotors, brake linings, fork lifts, motorcycles, brake parts, brake drums, brake pads and other heavy equipment.

† Nobody Solves Tough Cleaning Challenges Better.
